

Research Internship in Japan and UN Summer Program

<https://admissions.oist.jp/oist-research-internship-program-description>

The OIST Research Internship Program is an internship at one of Japan's leading STEM research institutes. All expenses are covered: participants receive accommodation, airfare reimbursement, and a stipend of 2,400 JPY per working day.

Eligible applicants: final-year undergraduate students and master's students.

Deadline: April 15, 2025.
