

The International Relations Department of Korkyt Ata Kyzylorda University invites students to participate in the following scholarship programs:

UN Educational Program: Free Online Courses on Ecosystem Restoration with Certification

This free course will teach how individuals can contribute to ecosystem restoration, ecological volunteering, and more. You will study eight modules, each requiring three to five hours. Upon successful completion, you will receive a digital certificate confirming your acquired skills.

Details available at: <https://www.learningfornature.org/en/courses/ecosystem-restoration-part-1/>
